

Designing Agile Regulations for Clean Innovation

Greening Growth Partnership &
Economics and Environmental Policy
Research Network Annual Symposium

February 27, 2020

Vision

- A trusted leader that delivers innovative and efficient regulatory solutions for Alberta

What we do

- Regulates the utilities sector, natural gas and electricity markets to protect social, economic and environmental interests of Alberta where competitive market forces do not

How we do it

- Fair, open and transparent in its regulatory processes and delivers sound principled decisions

Values

- We are impartial and objective
- We are accountable and strive for excellence in everything we do
- We treat everyone with dignity and respect
- We maintain and promote a positive work environment

Recent win-wins for facilities applications

- » Educate applicants on the AUC's process
- » Standard post-approval monitoring requirements
- » Early identification of intervenors and accelerated interventions
- » New consultation requirements for indigenous communities that align with the Aboriginal Consultation Office's requirements
- » Implementing a “foreseeable impacts assessment”
